## Product

|                |                                                |
|----------------|------------------------------------------------|
| Product name   | Epson C33S045537 compatible labels, 76mm x 33m |
| Article number | C33S045537                                     |
| Sold per       | 1 piece                                        |
| Unit           | piece / pieces                                 |
| EAN            | 6978243071320                                  |
| Weight         | 496 g per piece                                |

## Compatible printers

|         |                                                                                             |
|---------|---------------------------------------------------------------------------------------------|
| Epson   | C4000e-BK, C4000e-MK, C6000Ae, C6000Pe, C6500Ae, C6500Pe, C7500, C7500G, TM-C3400, TM-C3500 |
| Primera | LX400e, LX500e, LX600e, LX610e, LX610ePro, LX900e, LX910e, LX1000e, LX2000e                 |

## Dimensions

|                 |            |
|-----------------|------------|
| Width           | 76 mm      |
| Labels per roll | 1          |
| Core diameter   | 40 mm      |
| Shape           | Continuous |

## Roll / detection

|                    |               |
|--------------------|---------------|
| Perforation        | No            |
| Winding            | Outside wound |
| Sensor / detection | Gap detection |
| Detection gap      | No            |
| Black mark         | No            |

## Material and adhesive

|                 |                  |
|-----------------|------------------|
| Material        | High gloss paper |
| Colour          | White            |
| Glue            | Permanent        |
| Ribbon required | No               |

## Use and compliance

|                    |                                                                                                                                                                                                                                                        |
|--------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Storage conditions | For optimal processing and preservation of material properties, store in the original closed packaging at 23°C ( $\pm 2^{\circ}\text{C}$ ) and 50% relative humidity. Avoid direct exposure to UV light, high temperatures, moisture and heat sources. |
| BPA-free           | Yes                                                                                                                                                                                                                                                    |
| BPS-free           | Yes                                                                                                                                                                                                                                                    |
| BPF-free           | Yes                                                                                                                                                                                                                                                    |
| Phthalate-free     | Yes                                                                                                                                                                                                                                                    |
